

**MEDESY is an Italian company** manufacturing high quality dental, surgical and orthodontic instruments.

A third-generation family company located in Maniago, the knives district **famous worldwide for its 600-years tradition** and know-how in the manufacture of blades and cutting tools of the finest quality.

It is a pleasure to participate once again at IDEM in Singapore, a great opportunity to present many new items, such as brand-new syringes, Black diamond scissors and Gracey Curettes. Using a new stainless steel alloy Medesy has created a superior Curette, with harder and sharper edges for a more comfortable scaling as well as increased sharpness durability of the blade for prolonged use. The special characteristics of the curette ensure maximum efficiency in deep scaling, periodontal debridement and root planing

All the curettes are accurately finished by Medesy craftsman to ensure that the same high degree of sharpness is obtained on each blade, a professional finishing process finely performed to provide the greatest edge retention for reliable and durable performance in the time. The curettes are enriched by the elegant Dalila new Medesy handle characterized by an innovative design ensuring a more comfortable and secure grip as well as easier cleaning.

Medesy is nowadays firmly present and appreciated in more than 105 international Countries for the excellent quality of its products refined in all the details, from a technical point of view and in terms of design. Today more than 3.000 instruments, some of them covered by an international patent, are successfully on the market proving that Medesy commitment on innovation is the right formula to better fulfil the needs of modern dentistry.
